

Sergio Rusi

UNIVERSITY "G. D'ANNUNZIO" - CHIETI-PESCARA

ASSOCIATE PROFESSOR

Department of Engineering and Geology - InGeo

Tel. ++ 39 0871.3556158

E-mail sergio.rusi@unich.it

Settore Scientifico Disciplinare GEO/05 GEOLOGIA APPLICATA

Settore Concorsuale 04/A3 GEOLOGIA APPLICATA, GEOGRAFIA FISICA E
GEOMORFOLOGIA

Associate Professor of Hydrogeology at Department of Engineering and Geology – University "G. d'Annunzio" Chieti-Pescara (Italy).

He conducts research in general, environmental and applied Hydrogeology.

Member of the faculty board of the Ph.D. course "Geosciences" of the School of Advanced Studies G. d'Annunzio University of Chieti-Pescara.

President of the IAH Italian committee (International Association of Hydrogeologists).

Member (Vice-President) of the regional council of Geologists

Formation

1988 MSC in Geological Sciences at the University of Bologna with distinction.

1999 PhD Degree in Geomorphology, Applied Geology and Hydrogeology at the University of Perugia in 1999

Academic career

Graduate Technician at the University G. d'Annunzio of Chieti-Pescara from 1995 to 2000

Researcher - SSD GEO/05 – at the Department of Earth Sciences University "G. d'Annunzio" of Chieti-Pescara from 2000 to 2005.

Associate Professor since 2005 at the Department of Engineering and Geology University "G. d'Annunzio" of Chieti-Pescara scientific sector GEO/05-Applied Geology, contest winner at the University of Udine (Italy).

In 2018 reached the National Scientific Eligibility to Full Professor.

In 2019 reached the threshold values for join the Selection Board ANVUR_ASN 4/A3.

Mother tongue Italian

Other languages English– User self

Teaching activity

Lecture in Elements of hydrogeology and Applied and Environmental Hydrogeology since 1999/2000 at University G. d'Annunzio of Chieti, Department of Engineering and Geology.

Member of the faculty board of the Ph.D. course "Geosciences" of the School of Advanced Studies G. d'Annunzio University of Chieti-Pescara. He provided 5 PhD thesis.

Lecture in Masters of 1st and 2nd level.

Lecture in coordination activity and teaching for professionals and high school teachers.

Member of examiner's commissions at PhD, Researcher and fellowship competitions.

He provided and has been providing Degree thesis tutorial activity for more than 100 jobs in hydrogeology field.

He is Tutor in the Erasmus+ program with the University of di Poitiers 86000 POITIERS Cedex France Faculty of Sciences - Department of Geology - Department of Soil and Water Sciences.

Scientific activity

He develops scientific activity on Fractured and Karstic Hydrogeology, Hydrogeology of Porous Media with particular reference to the Hydrodynamic, the Quality of Groundwater, the Mathematical Modelling and to the Groundwater Pollution.

Currently he is deepening the study of natural and induced by contamination chemical phenomena in groundwater and the statistical analysis of meteorological-hydrogeological data.

Published over 130 articles in international and national journals 60 of them in ISI-WoS Journal.

Lecture, Convenor, Chairman, Reviewer, member of the Scientific and Organizing board in over 80 congresses, meetings, workshop and study days.

Scientific advisor in the agreement between his Departments and local governments.

Technical and scientific consulting activity for public and private organization on hydrodynamic, hydrochemic and hydrogeology of both porous and fissured aquifers exploited by wells and tapings

Project manager in the research program (ex 60%) in investigation into: Interrelations between recharge, circulation and discharge in the Apennine hydro structures in relation to experimental meteorological, hydrologic, hydrogeology and hydro chemical parameters. Quantitative implications on the hydrodynamic and vulnerability of fissured, karst and porous media.

Scientific partner for co-funded research programs PRIN 2000, 2005, 2008 (Italian Ministry of the University).

Member of operative task 10 of G.N.D.C.I. C.N.R., research line n. 4 – Groundwater vulnerability.

He has collaborated within Hydrogeological research with many University Departments and Research centers.

Institutional activities and academic assignments

Since 2022 member of the faculty board of the Ph.D. course “Geosciences” of the School of Advanced Studies G. d’Annunzio University of Chieti-Pescara

Since 2017 Member of the faculty board of the Ph.D. course “Earth Systems and Built Environments” of the School of Advanced Studies G. d’Annunzio University of Chieti-Pescara.

Between 2009 and 2012 member of the faculty board of the Ph.D. course “PROGETTAZIONE ED INGEGNERIA DEL SOTTOSUOLO E DELL’AMBIENTE COSTRUITO” at the University G. d’Annunzio of Chieti-Pescara.

Between 2006 and 2007 member of the faculty board of the Ph.D. course “GEOLOGIA APPLICATA ALL’AMBIENTE ED AL TERRITORIO” at the University G. d’Annunzio of Chieti-Pescara Pescara.

Other activities

Founding member (July 2017) and current member of the Spin Off “SOLVED SRL” of the University “G. d’Annunzio” Chieti-Pescara.

Founding member and elected member of the Board of the Italian Society of Applied and Environmental Geology (AIGA) - 2005-2007.

Elected member of the Board of the IAH Italian committee (International Association of Hydrogeologists) - 2017-2021 and 2022-2026.

Elected member of the regional council of Geologists - 2017-2021 and Vice-President 2022-2025

Elected member of the Board of the Italian Geological Society (SGI) - 2004-2006.

Elected Secretary of the board of the IAH Italian committee (International Association of Hydrogeologists) - 2017-2021.

Elected President of the board of the IAH Italian committee (International Association of Hydrogeologists) - 2022-2026.

Member of the Italian Association of Applied Geology (AIGA) since 2005

Member of the International Association of Hydrogeologists (IAH) since 2001

Member of the Italian Geological Society (SGI) since 2001

Member of the National Council of Geologists (N.8244) and of the regional council of Geologists (N. ES 10) since 1991.
